#### WORLDLINGS.

be Miss Laura Harlan, daughter of Justice Harlan She is a handsome and statking girl, and is noted for her witty conversation. Sarah Bernbardt has a magnificent tomb in the

cemetery of Pere la Chaise. It is of white marble with the single word, "Bernhardt," inscribed above the portal. Within it there is room for only one

her beauty and made her all the handsomer. A correspondent recently beheld her attired in a close fitting dress of shepherd's plaid, with a parroy ribten around her neck and diamond bangles on her wists. Per splendid black hair fell unrestrained over her shoulders.

The dinner to the bankers at Kansas City last week cost #15,000. Twenty cooks prepared the feast and . 00 waiters served it. Among the articles of dist consumed were 8,000 Blue Point oysters, 600 prairie chickens and 1,200 quall. The soup was made of two green sea turtles, weighting 600 pounds.

## STOLEN RHYMES.

The Orinte. In and out 'mong the ober y leaves,
Flashing a dat of Hving flaine
He sines, and his slad song never grieves;
Its incry int ain is e or the same:
Cheer.in,
Cheer.in,
Cheer.in

In the dim gray light of early dawn
His carols awake the laggard sun
When evening sharkows sitetch o er the lawn
His vesper wa blings can ocare be done:
"Cheer, cheer,
Cheer-up,
Cheer-up,

"There's a rendent nest in the cherry tree,
A grave little make and oirdlines four.
How can you leave them to sure?" and he
A tilting and swaying but since the more:
"Chee", wheer, cheer,
Cheer.up,
Cheer.up,
Cheer."

"Tere's plenty of time in this world to sing,"
His black head bobs as much as to say.
And then how the line' tage choes ing
As he dutters his win reand fire away;
"Cheer, cheer, cheer,
Cheer-up,
Cheer-up,
Good flousekeeping.

Time's Change.

the hour's late, the silver moon is full,
while from the overt of the maple shade
A youth in song ask. "Art hou sleeping, love?"
And wakes night's echoes with his serenade.

Floot years so on: the hour's later still.
The moon's full, too, but to the doorway deep.
That same youth now his laterhay sattly turns.

He already recognizes his granupas i ortrail hanging on the wal!

His mother name is Lotte filliott, the well-known akingua-roje dans. She has been Jan 16, 1865, and Loudon, England, His father, the meavifit the well-index heatiful minager, was born in Banour, See, March 4, Rob. Leckerbee, Mr. Lony Pastor, Fourteenth Steet Theatre, city.

CLOSE OF THE CONTEST.

No More "Pretty Baby" Pictures to Be

the pictures that have been received they have all been carefully preserved and will be critically viewed by Miss Nell Nelson, the judge of the

onte-t.

After Miss Nelson has esrefully inspected all
he photographs that have been received she
will select ten pictures of the prettiest candidates.

The originals of these ten pictures will then be visited, and to the three prettiest babies will be awarded the first, second and third prizes respectively.

No pictures received after Saturday, Oct. 12, will be considered in the contest.

SLATED BY TAMMANY HALL

PROBABLE NOMINEES FOR LEGISLATIVE AND ALDERMANIC CHAMBERS.

Next Friday evening Temmany Hall is to hold te district conventions for cominating candidates for the Assembly and the Board of Alder-It is generally understood that the followingnamed Tanmany Hall men will be renominated

at these primaries: First District-For Alderman, Cornelius Flynn, and for Assemblyman, Patrick Duffy. Second District-For Assemblyman, Timothy Dry Dollar Fullivan.

Fourth District-For Aiderman, Andrew A. Noonau. Sixth District-For Assemblyman, Charles F. Blake. Sixteenth District-For Alderman, James

Gilligan. Eighteenth District-For Alderman, James F. Fitzsimons, and for Assemblyman, Wm. H. Newschafer.

Twenty-second District-For Assemblyman,

Joseph Blumentha:, although he would like to anceed senator Cantor very well. Twenty-third District For Alderman, David wenty-fourth District-For Ablerman, Thos.

him in digging the gold tearing quartz are a number of Lastern apitalists, who have themselves witnessed the nabits and ingenuity of their monkey workmen.

Cept. E. Metz. who was form in Yankeeland, tells the story of the queer little animals who work for him in the mines. He is a typical New Englander from Vermont, and served in the Union army furing the rebellion, and settled in the South after the war. Twenty-fourth District—For Ablerman, Thos. M. Lynch.
Aderman Patrick Disver will contest with Col. Michael C. Murchy to represent the Fifth Senate District in the Legislature.
Tammany Hall will renominate Senator Thomas F. Grady in the Sixth District and John F. Ahearn, Lera of Essex Market Folice Court will try to compass his defeat as the County Democracy candidate.
At present Assemblyman George F. Roesch of the Tenth District, is the only Tammany Hall candidate for Senator to succeed Senator George F. Langbein, in the Seventh District.
In the Ninth District Assemblyman Hagan is trying hard for the nomination, but the brewers are said to be insisting that Senator Stadler shall be returned. South Ceroina, atout twenty miles off the railroad. He has been working them at a profit for a number of years, and now and improved mach nery is constantly making them more valuable. As I saw him be was on his way to Chicago to purchase another

shall be returned.

Jacob A. Cartor will be Tammany's candidate to succeed lumself in the Teuth District, and Mayor Grant is credited with insisting that his organization renominate Eugene S. Ives in the Eleventh District.

#### BEAUTIFUL FOREVER. Well Preserved Couple Who Had Laved

Balf a Century Ago. In a car on the New York Central are

"have twent four monkeys," said he, employed about my mines. They do the work well of seven able-bodied men, and it is no reflection upon the homan laborers to say that they do a class of work a man cannot do as well as they. In many instances they lend valuable aid where a man is use ess.

"They gather up the small pieces of quartz that would be passed unnoticed by the workingmen and pile hom up in little heap-that can be easily gotheled up in a shivel and thrown in othe mil. They re-exceedingly adept at catching the little artiles, and their sharn eyes in verescope the very things that the human eye wond passover." seated a genteman and a lady, says Texas Siftings. The gentleman is bronzed, apparently by residence in a hot climate. His hair and whiskers are jet black, but the crow's foot is visible at either temple. The them?" When I went to digz ng gold I had two lady is a tired in the heigh of tashion, in a style suitable to y uth and beauty. Gentleman-Would you o jed to having

"Try to get help? I trud everything and everybody,

sound, revieshing nights of eleop and woke up in the morning feeling rested and strong. My hearing was entirely restered. My eyes became strong again and I bave laid away my glasses, having no further use for them. I feel new strong and well, like another man, and am very grateful to the doctor for my restoration. I

A Daugerous Way.

When caterrh has existed in the head and upper living in a district where people are subject to catarrhal affection, and the disease has been left uncured, the catarrh invariably, sometimes slowly, extends down the windpips and into the bronchial tubes, which tubes convey the air into the different parts of the lungs. The tubes become affected from the swelling and the mucus arising from extern, and in some instances become plugged up so that the air cannot get in as

freely as it should. Shortness o breath tollows, and the patient treather with labor and difficulty. In other cases there is a sound or cracking and wheen-

The cough that occurs in the first stages of bronchial catarrh is dry, corres at intervals, is hacking in character, and usually most troublesome to the morning on arising or on going to bed at night, and it may be the first evidence of the disease extending in the lungs.

Sometimes there are fits of coughing induced by the tough mucus -so violent as to cause vomiting. Later on the mucus that is rated is found to contain some par-ticles of yellow matter, which indicates that the small tules in the lungs are now affected. With this there are often streaks of blood mixed with the muous. some cases the patient | scomes very pale, has fever, and expectorates before any cough appears.

In some cases small masses of cheen substance are spit up, which, when pressed between the fingers, smit a had odor in other cases particles of a hard, charky nature are spit up. The raising of chesay or chally lumps indicates serious mischief at work in the lungs.

years before the disease attacks the lungs sufficiently to cause segious interference with the general bealth. When the disease has developed to such a point the patient is said to have catarrhal consumption. broachial catarrh there is more or less fever, which differs with the different parts of the day-alight in the morning, higher in the afternoon and evening.

Sometimes during the day the patient has a crosping. chilly sensation, which may last baif an hour to as hour, the surface of the body feeling dry and hot. During the night, near the morning, there may be sweats.

Such sweats are known as night sweats. The pulse is usually more rapid than normal, and the patient loses flesh and strongth. A fresh cold is all that is needed at this point to develop rapid consumption. In some instances the patient loses strength and fleet slowly. The muscles gradually waste away. Then the patient gradually regains some of his strength, only to

have lost its taste, cause the patient to think that be has a disease of the stomach instead of the lungs. With these diarrhors usually occurs, and there is the same disturbance of the kidneys. In bronchial catarrh the voice often becomes week, hosky and houses. There is a burning pain to the throst, with difficulty in swallow-

A New York morning usper in speaking of Drs. Copeland and Blair says: "Neither of them is in any sense a stranger livre. Both have their conductable from tamous New York institutions for medical study. A Enlieving Hospital Medical College Pr. Copeland was President of his class. Br. Blair's skill in treating troubles of the eye, car and threat has been shown by years of hospital and private practices here and in other large cities."

MONKEYS AS GOLD MINERS. WAS READY TO RESIGN

And Felt Obliged to Give Up Responsibility and Work.

For many reasons it was a notable interview that the writer had with Mr. John G. Fragier, the architect, non iving at 5710 Kirkwood st., Pitralurg. Mr. Fra-zier is the architect in charge of that mammoth build-ing enterprise of Messra. Plien, Mages & Stewart, in ton and Negley aves, So, as stated, he is well known at the East End, where he now lives, as well as in Allegheny, his former home. The interview, says the Pittsburg Commercial Gazene of June 7, is notable in the second place for the remarkable experience it describes. Mr. Frazier's fast-failing health had convinced him and his friends that he would have to give up on-
